Warwick Estate

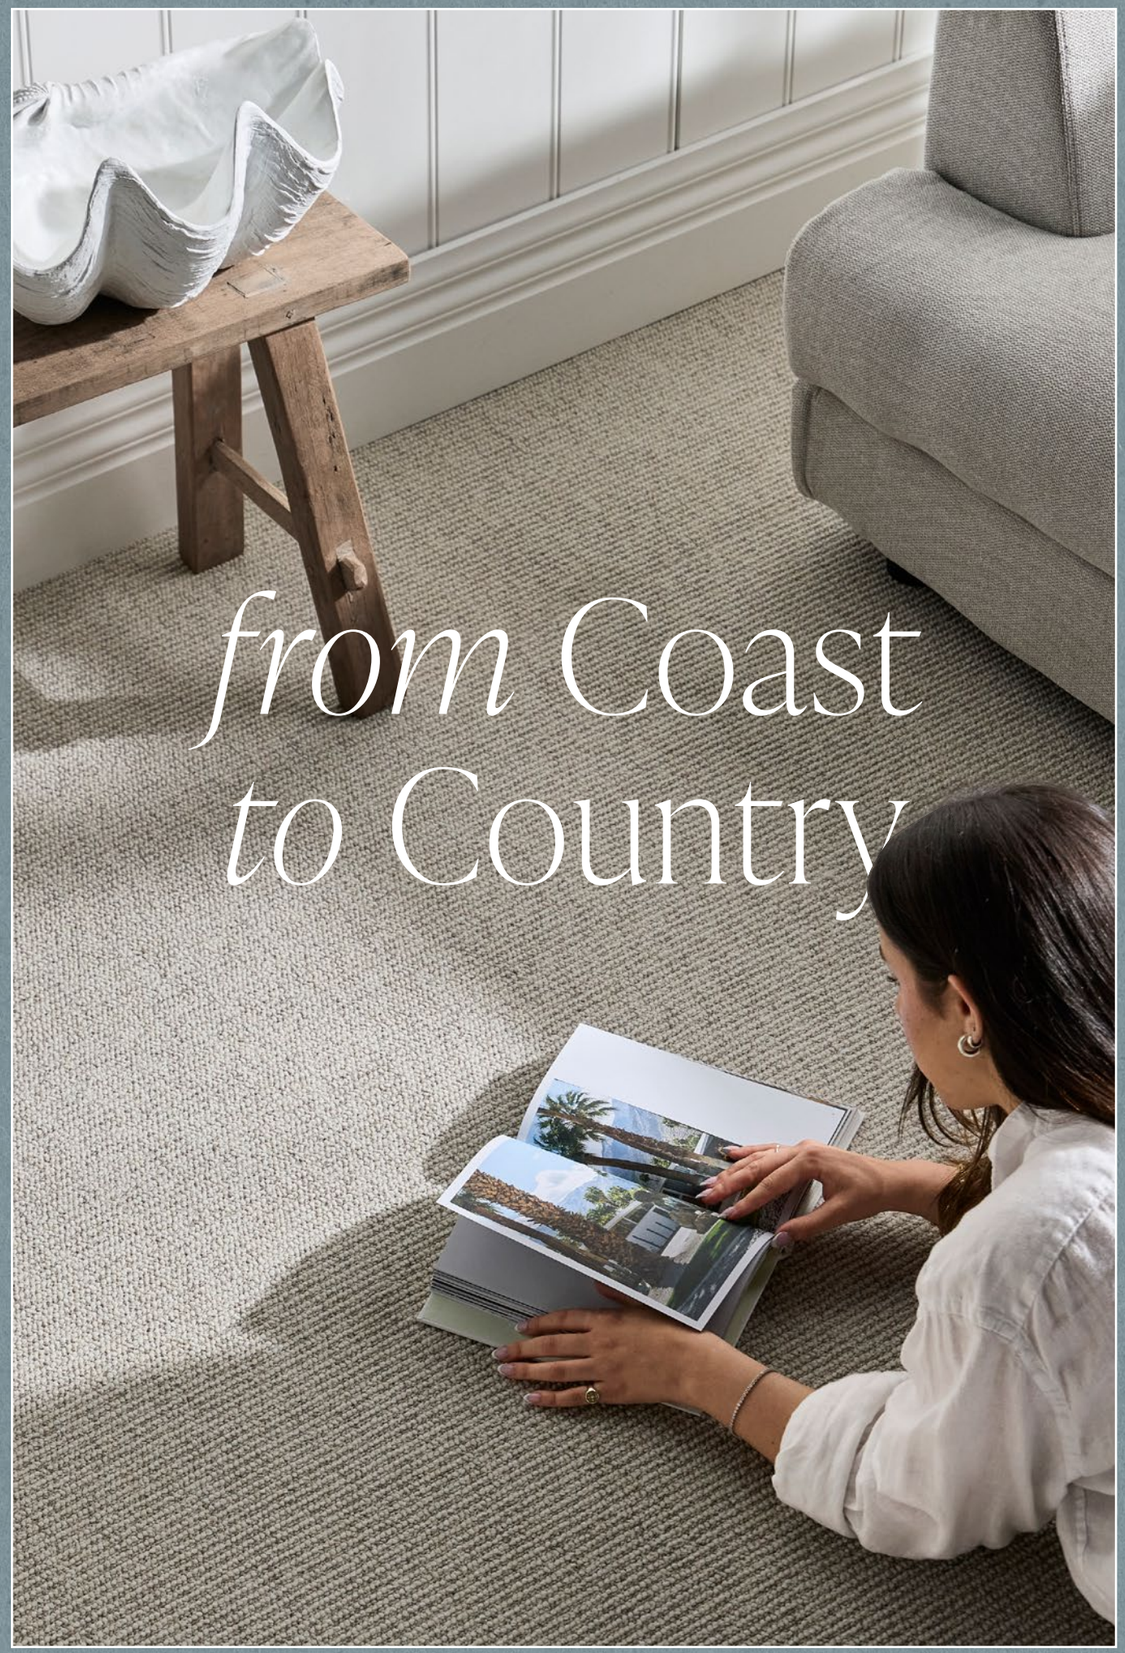

Introducing *Warwick Estate*

COUNTRYSIDE WARMTH, COASTAL CALM

Warwick Estate moves between breezy coastal blues and warm, tweed-inspired countryside tones across ten colourways. Its structured loop pile is suited to both traditional and contemporary interiors.

Hard-wearing and colourfast, it’s equally at home in busy households and commercial spaces.

Features & Benefits

CORELOOP®

EC's signature loop pile construction holds each loop in place, so the carpet keeps its structure in high-traffic areas.

STRUCTURED, WOVEN TEXTURE

A textured tufted loop pile creates a structured, woven finish that complements both traditional and contemporary interiors.

FROM HOME TO HOTEL

Warwick Estate performs beyond the everyday. It is designed to handle extra-heavy traffic and is wheel-friendly enough for castor chairs and trolleys to roll easily across its surface.

PAWGUARD™

This construction helps protect the carpet against wear and claws.

ENDURING COLOUR, EFFORTLESS CARE

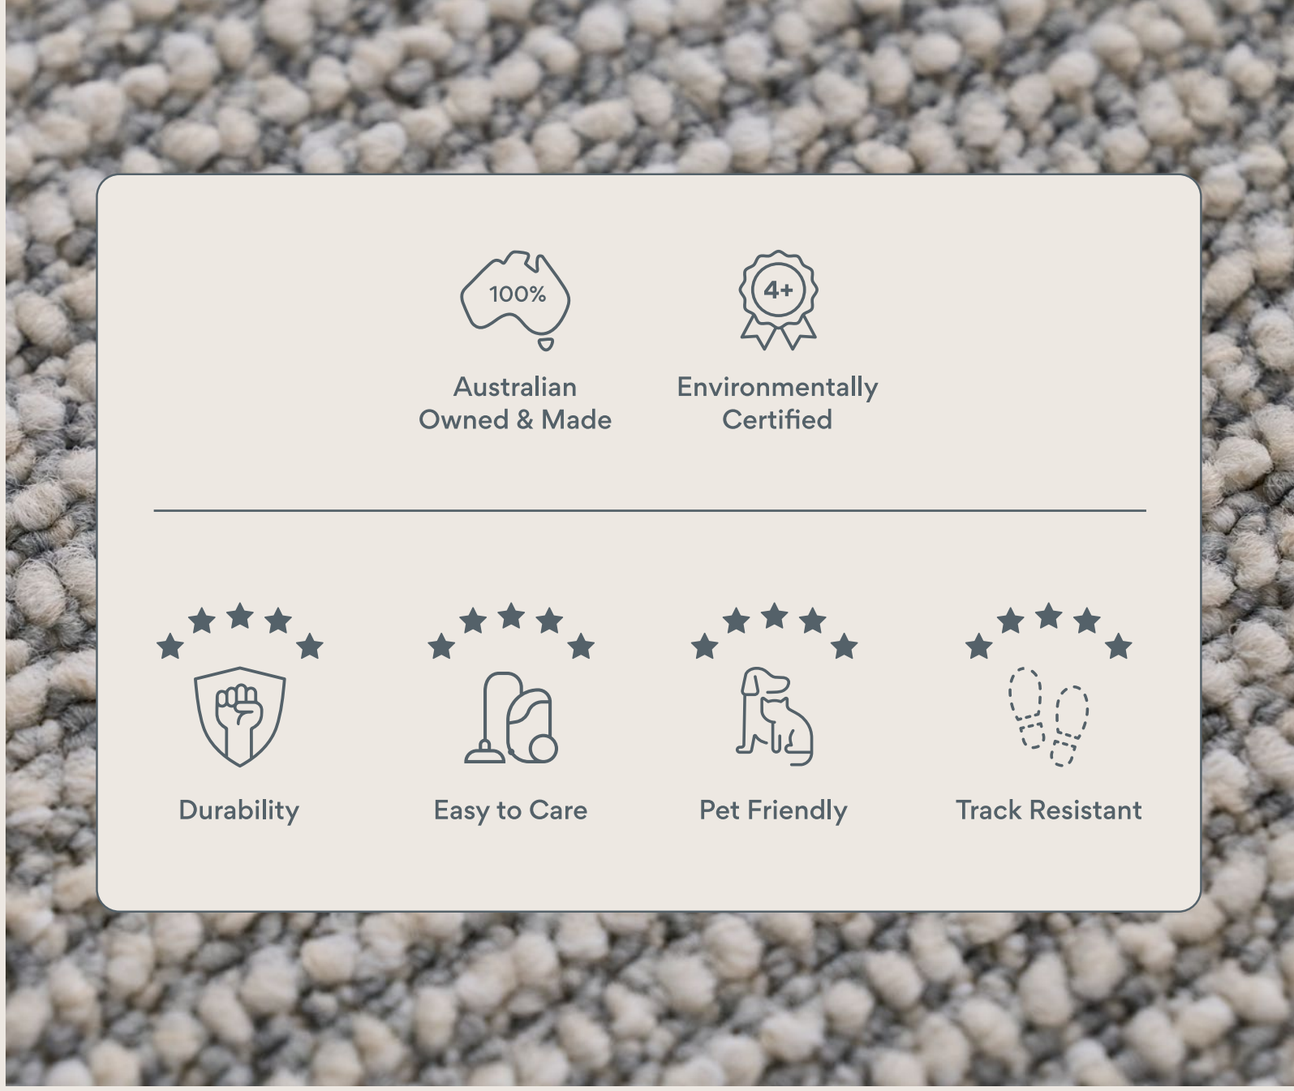

Solution dyed nylon locks colour into the fibre, resisting fade, while heathered colourways help disguise everyday soiling for lasting good looks.
