Metropol 1200

Metropol 1200 by Godfrey Hirst is** a technologically advanced hybrid floor designed to deliver the perfect balance of style, durability and practicality**. Available in a versatile palette of natural timber-inspired colours, it brings the warmth and character of timber into the home while offering the performance benefits of modern hybrid flooring.

Designed to complement a wide range of interior styles, Metropol 1200 **features an embossed surface texture and matte finish that enhance the authentic timber look**. The carefully curated colour palette ranges from light contemporary tones through to richer timber hues, creating a stylish foundation for every room.

Built with advanced Trigon® Core Technology, a stable limestone composite core, Metropol 1200 is engineered for everyday performance. Its waterproof construction provides added confidence throughout the home, while the durable wear layer and protective PUR coating help maintain its appearance over time. The Uniclic® installation system allows for efficient installation, making it a practical choice for renovations and new builds alike. Green Building Council of Australia compliant for VOC emission standards and backed by a 25 Year Hybrid Limited Residential Warranty*, Metropol 1200 offers** an affordable flooring solution that combines durability, style and lasting value**.

Technical Data

Type:	Hybrid Flooring
