Specifications and colourations are subject to manufacturing tolerances. As part of the Godfrey Hirst continuous improvement program, Godfrey Hirst reserves the right to change the specifications of or delete colours of this product without notice. While all care is taken, product images may vary in colour due to possible printing process variations. Images do not seek to duplicate the exact visual appearance, but serve merely as a guide or point of reference.

Aquila Wood Acoustic

Aquila Wood Acoustic from Godfrey Hirst combines the **warm, contemporary appeal of timber-inspired design with the added comfort of integrated acoustic backing**. Featuring colours from the stylish Aquila Wood range, it provides a versatile foundation for modern interiors while helping to create a more comfortable acoustic environment.

The generous plank format creates a sense of flow across the floor, while **the embossed surface and micro bevel edges enhance the realistic timber appearance**. The carefully selected colour palette offers a range of warm and contemporary tones, making it easy to complement a variety of interior styles.

Designed for easy living, Aquila Wood Acoustic features a waterproof construction and integrated backing, meaning no additional underlay is required. Its durable scratch and slip resistant protective coating provides added confidence for everyday use, while the direct stick installation method offers a practical installation solution. With its combination of **realistic design, acoustic comfort and everyday practicality, Aquila Wood Acoustic is a stylish choice for modern homes**.
